# A Message from key school bodies

## Mr. John Carmody

District Principal

In 2023, OneSchool Global SA adopted a new strategic direction consisting of three pillars: High Performing Teams, Campus Modernisation Programme, and the Learning to Learn Framework. These pillars have been instrumental in driving our achievements and fostering a positive culture within our schools.

OneSchool Global SA has accomplished the remarkable feat of securing exceptional teachers who wholeheartedly embrace our values and vision, cultivating a profound positive culture within our schools. This remarkable positivity is clear in the surveys we distribute to all stakeholders, as staff and parent satisfaction have consistently surged across all four of our campuses.

OSG SA produced many successful outcomes in 2023. Our Year 12 students once again achieved solid results in their SACE and ATAR, which you can read about further into the report. Our MAP Growth testing platform also continued to be a wonderful tool to measure academic progress of our students, and, as always, the majority of our NAPLAN results were above national averages.

Our end-of-year Recognition of Excellence Ceremony & Year 12 Graduation Ceremony, held on Monday 4th December, was a resounding success. This year we connected with all campuses across Australia. This was an exciting change and highlighted the work taking place to move to a regional school in all aspects of operations.

It was great to acknowledge the outstanding achievements of our students and witness some entertaining musical items.

Cross-campus Visits were again a big factor in the success of our teaching team and the learning outcomes of our students. CCVs afford our staff and students the opportunity to collaborate with their teachers and peers from across the state, and interstate! Our students have also taken part in various educational incursions and excursions to further develop their understanding of their courses.

Professional learning plays a pivotal role in ensuring that our entire staff remains well-informed and proficient in key areas. Some examples of Professional Learning throughout 2023 included valuable training on essential topics such as Child Protection, effective utilisation of Sentral, creating impactful Canvas courses, MAP data analysis, Student Mindset, plus setting time aside for teaching and non-teaching staff to work on their goals as part of their Professional Growth Programme.

Throughout 2023, we have remained steadfast in our commitment to implement strategic plans and school improvement initiatives that align with our overarching vision of preparing students for a successful life beyond the classroom. To ensure comprehensive development, each Campus Principal developed Campus Road Maps, outlining

"Children are the world's most valuable resource and its best hope for the future"

outlining specific initiatives and goals for each academic term. These Road Maps seamlessly aligned with the broader OSG improvement plan, resulting in a highly successful framework for tracking our journey throughout 2023. Additionally, Campus Principals and Heads of Department had the invaluable opportunity to connect with their counterparts from across Australia at various conferences facilitating insightful exchanges and enriching professional growth.

Recognising the significance of staff and student well-being as a nationally identified concern, we have been proactive in upskilling our staff and providing students with access to vital resources. The Resilience Centre has proven to be an invaluable asset, offering students the opportunity to meet with qualified professionals who can provide crucial support in matters of mental and social well-being. Additionally, our Campus Principals have undergone professional development and received training in Youth Mental Health First Aid, further equipping them to address the well-being needs of the students.

#### **Acknowledgements...**

I would like to take this opportunity to thank the 2023 Student Leadership Team, particularly for organising many of the school assemblies and fundraisers throughout the year. The SLT should be proud that many of their ideas and teamwork helped shape the direction and positive culture of the school. Thanks also to the entire student body, it is pleasing to see our students try their best academically and support and drive the many events and aspects of school life.

Like many OneSchool Global campuses, a strength of OneSchool Global SA is the support and help from parents and community members. Thank you to all members of the community who assist with the canteen, work at the uniform shop, volunteer for excursions, help with fundraisers, help with busy bees, and all the other behind-the-scenes tasks that may sometimes go unnoticed. We appreciate your support of the school, and we look forward to the ongoing support from parents and community members in 2024.

A big thank you to CA Teams at all campuses. Your direction and guidance for our campus leadership team and the teaching staff have been outstanding and much appreciated. Similarly, to the OneSchool Global SA Board, on behalf of the staff, I would like to thank you for your direction, guidance, support, and governance during 2023. We very much appreciate all the time you volunteer to ensure our school is functioning efficiently and effectively.

And to our staff – Teachers, education assistants, and our administration staff, thank you for all your efforts over the course of 2023. We look forward to 2024 with energy and enthusiasm as we seek to further develop our SDL pedagogy and continued implementation of the Learning to Learn Framework and ultimately improve the learning outcomes for our students in this rapidly changing world, in order to achieve the OSG Vision to prepare life-ready students who learn how to learn and achieve. We are privileged to have great staff here at OneSchool Global SA, team players who are in the profession for all the right reasons – the growth and development of our students!

# Contextual information about the school

OneSchool Global SA is an independent, co-educational school which operates in a network of Brethren Schools nationally and globally. OneSchool Global SA has an enrolment of 69 students in South Australia. The campus is located in Aberfoyle Park, Adelaide.

Enrolment at the school is open to the children of all Brethren families and children of families who are willing and able to support the ethos of the School. The school has a rich academic program which is supported by an extensive ICT blended mode of teaching and learning. The School also offers a vibrant Co-curricular program which includes sport, music and community involvement.

## School Ethos

At this School, students are encouraged to develop their full potential and acquire the discipline of learning how to learn, while upholding Christian teachings and beliefs. The truth and authority of the Holy Bible and strong family values underpin the commitment of the School to provide quality in every facet of education – curriculum, teachers, facilities, management and discipline – in a safe and caring environment.

## Values Statement

**Integrity**  
uprightness, honesty and decorous conduct, governed by the Holy Bible;

**Responsibility**  
for our actions, progress and the environment;

**Care & Compassion**  
kindness, consideration and generosity to all;

**Respect**  
to self-discipline and the pursuit of excellence

**Respect**  
for all people, property, opinions and authority;

## Learning to Learn Statement

The School is committed to creating and delivering learning programs that meet the educational needs of each student, and to nurture the attitudes and skills necessary for continual learning and personal growth throughout life.

“Learning to Learn” means to use learning as a tool whereby students are equipped with the ability to think critically, process information perceptually, analyse data accurately and evaluate situations intelligently in order that they fulfil their true potential.
